## LINE RECIPE

*Arugula Salad*

Fill the bowl with arugula. Ensure not to press the arugula down to ensure there is not too much arugula in the bowl.

Top the arugula with 3 tablespoons of crumbled goat cheese.

Top goat cheese with sliced onions. Since onions are a strong flavor, do not top with too many onions.

Top the onions with 3 tablespoons of roasted sunflower seeds.

Cut strawberries to order. You will use 4-6 strawberries per salad depending on how big they are. Slice the top of strawberry off, and then slice lengthwise.

Top the salad with 3 tablespoons of strawberries (4-6 strawberries sliced)

Salad is served with 4 oz (two-2 oz soufflé cups full of red wine vinaigrette).
