Place 1/4 cup of arugula on top of Italian Hero set-up after it is toasted.

Drizzle 2 tablespoons of red wine vinaigrette on top of arugula. **It is important you do this before adding tomatoes and onions so it coats the lettuce and sticks better.

Top dressed arugula with 3-5 slices of tomatoes depending on size.

Top tomatoes with sliced red onion.

Cut at a slight angle. This is how the finished Italian Hero should look.
