LINE RECIPE

Lobster Roll

Take one split top bun, and either roll or brush melted butter on either side.

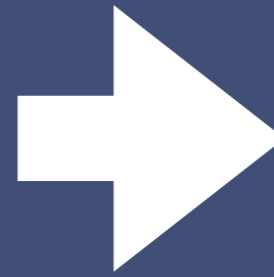

Place buttered roll into Merrychef and toast on “TST BUN”

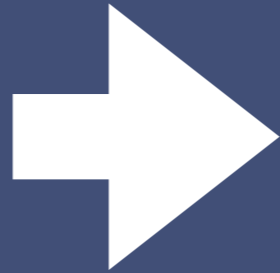

This is what the toasted bun should look like, a light golden brown.
Make sure it does not burn in oven.

Place a small amount of arugula in the bun

Place 3 oz of portioned lobster into bowl, and mix with 1/2 spoonful of lemon remoulade

When lobster is fully mixed with remoulade, place into bun with biggest pieces on top.

Plate the lobster roll with a lemon wedge, and 1 oz of melted butter on the side.
